

Creative craft kits for the kids of Webasto employees in Hengersberg

The traditional Children's Day on Penance Day had to be cancelled for the second year in a row due to rising infection figures in the district. To make the youngsters happy anyway, the company distributed individual handicraft sets.

Hengersberg – 19. November 2021 – At Webasto Hengersberg, the Day of Prayer and Repentance is traditionally dedicated to the employees' children. Every year, children aged six to thirteen are invited to the location on this day. They can explore their parents' workplace and spend their day off from school at Webasto with lots of fun and creative activities. Due to Corona, the Children's Day, which this year had the motto "35 years of convertibles - 35 years of driving fun", had to be cancelled.

Craft sets instead of playing pleasure

As consolation for the cancellation, the Webasto location came up with a special surprise and distributed sustainable craft sets to the 50 registered pupils. The contents of the sets varied depending on the age of the children: fast speedsters made from cardboard rolls, convertible sudoku or mobile phone cases made from the remains of convertible top fabric. For the upcoming Christmas season, cardboard stars made from old cardboard boxes were distributed to all the children, who were allowed to design them individually to their heart's content. For the return of a crafted star, each child will receive a small surprise as a thank you. The collected handicrafts will then decorate the Christmas tree in the foyer of the Hengersberg location from the first of Advent.

About Webasto

The Webasto Group is a global innovative systems partner to the mobility industry and one of the 100 largest suppliers to the automotive sector worldwide. The company's offering includes in-house developed roof, heating and cooling systems for various types of vehicles, batteries and charging solutions for hybrid and electric vehicles, and additional services related to thermal management and electromobility. Among the customers of Webasto are manufacturers of passenger cars, commercial vehicles and boats, as well as dealers and end customers. In 2020, the Group generated sales of around 3.3 billion euros and employed more than 14,000 people at over 50 locations. The headquarters of the company, which was founded in 1901, is located in Stockdorf near Munich (Germany). For more information please visit www.webasto-group.com
